*****TIGHTEN INTAKE MANIFOLDS **7** TIMES or pistons will detonate*****

WARRANTY: Most marine engines built by US ENGINE INC come with our 7 year 500 hour warranty, limits and exclusions are listed below Please review them. We recommend for long life to replace your raw water pump, all tune up parts, belts and hoses. **Change your oil every 60 hours or once each year to keep your warranty effective.**

To receive your 7-year warranty you *must* register your warranty by mailing a copy to our factory within 45 days of purchase date & first oil change 1 to 8 hours.

Non-registered warranty will only have a 6-month warranty.

Marine engines: 7 years or 500 hours against defects in material and workmanship. After 1 year there is no coverage for labor costs or **shipping**. You can purchase more shipping and labor coverage for an additional 100.00 for each added year up to 6 years.

Your warranty coverage is for the engine only. Engine installation warranty on engine installed by us engines is 1 year this does not exclude our listed engine warranty. All installs by our company must be returned to us for all repairs.

Warranty process: Call or email usengine@comcast.net so we may determine what is wrong and how to further proceed. Damaged engine or parts must be returned for warranty claims. We will need your oil change records. There will be no warranty coverage unless you contact us first for authorization and all parts returned.

Labor coverage: Labor for repair shops is limited to \$55.00 per hour based on factory time or reasonable time as agreed to before any repairs begin. All defective parts must be returned for credit or payment. Labor only covers our engine, no diagnostic time or other repairs.

We do not cover. Repairs that were not pre authorized. Damages caused from overheating, freeze cracking, operating with low or with old oil, piston damages, diagnosing time, damages caused in shipping, customers or installers.
